Attractive Laundry Work

has a charm of its own aside from a pleasing personality. That is why work done by the Bryan Steam Laundry has so many admirers. The simple reason is that we "know how" to do the work properly, and furthermore we do it. We take the trouble to do it right. Lots of people know how to do a thing, but they haven't pride enough to do it properly. We are not that kind.

Sales here yesterday, 20c bales.

Port receipts are assuming enormous proportions, in consequence of heavy selling over the belt generally. There is just barely sufficient demand to take care of the offerings. The total receipts at all United States ports Wednesday night were 1,618,835 bales against 1,156,678 same time last year.

The complainant is Hazel M. Moran of St. Louis, who said she was a graduate of Smith college at Northampton, Mass. Miss Moran alleged that she was married to Bear in May last and accompanied him to London to interpret for Indians who were giving exhibitions at the Crystal palace there. Miss Moran asserted that he has discovered that Bear has a Sioux wife and three children at Pine Tree, S. D. Bear was held in bail for a hearing next Monday.

The Elder Robert Fulton.

Robert Fulton was born at Little Britain, Lancaster county, Pa., Nov. 14, 1765. His biographers have called him "a self made man" and have made but brief reference to his parentage. It is noteworthy that his father, the senior Robert Fulton, in a failure to leave financial patrimony to his children has not been accorded the mention of other achievements, not slight in those primitive days. His ancestors crossed from Scotland to Ireland prior to the time of Cromwell. From Kilkenny, Ireland, the Fulton family came to America before the year 1735. The senior Robert Fulton was among the prominent men of Lancaster, his name having been on record upon all the town organizations which existed at that period. He was a founder of the Presbyterian church, the secretary of the Union Fire company and a charter member of the Juliana library of Lancaster, the third library established in the American colonies.—Century.

The Fourmillion.

"In the Sahara," said an explorer, "there is a little insect that throws sand, and its volleys slay. They call it the fourmillion. The fourmillion digs itself a funnel shaped hole of the circumference of a silver dollar. It lies hidden and watchful in the bottom of this hole, and when a spider or ant or beetle comes cautiously prospecting down the steep and slippery sides the inhospitable fourmillion launches upon its guest volley after volley of sand—a hail of stinging sand so abundant, so suffocating, so blinding that the visitor loses his head. He rolls unconscious for the nonce to the bottom of the hole, and the fourmillion calmly dismembers him before he has time to come to himself again and puts him in the larder for the next meal."

CONTRIBUTIONS OF CASH

What the Democratic National Committee Has Received.

MACK AND RIDDER SIGN IT

One Hundred Thousand Dollars More Are Required, It is Added, to Carry Out Campaign to a Successful Termination and This Urgently Asked.

New York, Oct. 15.—The Democratic committee, through Treasurer Ridder, has given out an extended statement of the contributions to the Democratic national campaign fund up to and including Oct. 9, showing sums of and over \$500. The statement also shows receipts and disbursements, as follows:

Received from contributors \$100 and over \$90,172.36
Received from contributors under \$100 115,355.22
Amount left over from Denver fund, 42,500.00

Total \$248,027.58
Amount disbursed \$225,962.88
Balance on hand 22,604.67

The statement, which is signed by National Chairman Mack and Treasurer Ridder, says 343 subscribers gave \$100 or more and smaller sums are from 25 cents up. It adds:

"The number of contributors to the national committee fund is estimated at 50,000 people and about \$100,000 of the whole amount of the contributions came from Democratic newspapers throughout the United States."

"It will be noticed from the foregoing statement that the cash balance is about \$22,000. Supplies contracted for and undelivered circulation of literature, expense of headquarters at Chicago, New York and Denver and traveling and other expenses incident to our speaking campaign now under way make necessary an additional \$100,000 to carry out the campaign to a successful issue. We are confident the people whom we are thus taking into our confidence will supply us with this additional sum and we earnestly urge a prompt and generous response to this appeal."

"Subscriptions received of \$100 or more will be published daily, beginning Oct. 16."

HEALY QUOTED.

Given as Authority in the Matter of Daniel J. Keefe.

New York, Oct. 15.—The Democratic national committee has issued a statement quoting Timothy Healy, president of the International Brotherhood of Stationary Firemen, as authority for the allegation that Daniel J. Keefe has been promised by the president appointment as commissioner general of immigration in return for the Detroit labor leader's support of Mr. Taft. The national committee had promised to make known its informant if the charge was denied, and it has been both by Keefe and at the white house. The national committee quotes Mr. Healy in part as follows: "I was in Washington Wednesday of last week on a matter dealing with our organization which brought me in contact with an official of high standing in the government service. He said to me: 'Dan Keefe has been selected for commissioner general of immigration.' 'Is that so?' I said. 'Yes, the job is his,' he replied. 'I asked him how he knew, and he told me that his informant was a member of the president's cabinet, and knew what he was talking about. 'This conversation was not given to me in a confidential manner, but I will not give my informant's name, for it is plain to see what would happen if his name came out. 'There is not any doubt in my mind but that the statement that the president offered Keefe the position, and that Keefe agreed to accept it is true. Perhaps the offer was not made at the conference on Oct. 5 last, but I believe it has been made.'"

Baseballists Ousted.

Chicago, Oct. 15.—Happy over victory in winning the world's championship the Chicago team of the National Baseball league arrived home from Detroit early Thursday and was met at the station by an enthusiastic crowd. The players, who were accompanied by members of the national commission, reported having met with ovations wherever the train stopped on its way home. When the train pulled into the station here a mob of baseball enthusiasts rushed through the gates and carried in the "welcome home" to the individual players. An exhibition game will be played here with the Detroit team here Sunday.

Tires of Dodging Police.

Chicago, Oct. 15.—Tired of dodging the police for four months, C. W. Howard, formerly agent for the Pacific Express company and Texas and Pacific Railroad company at Burton, La., gave himself up to the police and asked to be sent back to Burton, where, he claims, he is wanted on charge of embezzlement. Howard declared he appropriated to his own use funds belonging to the express and railroad companies.

Result of Riot.
